

Wisconsin
Poison Center®

A program of Children's Hospital of Wisconsin.

Tic-Tac-Toe

Put an X over the things that you think may be a poison, and see if you can make a straight line. There are two ways to win!

Answers: Gasoline: IS a poison. Never touch or taste it. Apple: IS NOT a poison! Apples are good for you! Plants and flowers: Many ARE poisons! Do not try to eat any plants or flowers. Ice cream: IS NOT a poison. It is yummy! Mushroom: MANY ARE poisons. Never eat mushrooms that are growing on the ground. Bread: IS NOT a poison. Berries: MANY ARE poisons. Do not try to eat berries that are growing on bushes or trees. Milk: IS NOT a poison. It makes your bones strong! Medicine: CAN BE a poison. Never take medicine unless a parent or trusted adult is helping you!
