

BACK TO SCHOOL POISON PREVENTION

Be aware of e-cigarettes or vapes disguised as normal objects like school supplies.

If a child or teen is exposed to liquid nicotine, call the Wisconsin Poison Center right away.

Supervise young children when using supplies because they can easily be splashed into the eyes, swallowed, or spilled onto skin.

Keep these items stored **up, away, and out of sight:**

Personal Care Products

Medicine including OTC medication, vitamins, and supplements

Batteries (button & regular)

Chemicals & Cleaning Supplies

Magnets

The best way to be prepared for poison emergencies is by programming the Poison Help number into your phone, **1-800-222-1222**.

**Wisconsin
Poison Center**

Serving people of all ages.
